

Welcome

To help ensure the health and safety of our associates and the families we serve, we have taken the following steps to comply with state recommended safety standards:

- All persons are wearing face coverings and are following social distancing measures both inside and outside the facility.

- We provide hand washing capabilities and are regularly sanitizing high-touch areas. Frequent hand washing is encouraged.

- Our staff has received training regarding social distancing and hygiene protocols.

- We have established thorough cleaning and disinfecting protocols and are maximizing airflow in the buildings when possible.

- Anyone who is sick, has symptoms of COVID-19 or has been in contact with someone with COVID-19 should stay home. Anyone traveling from out of state should follow the Governor's order of establishing a 14-day quarantine.

We ask you to do your part as well by:

- ✓ wearing your face covering
- ✓ maintaining social distance in all areas of our property
- ✓ following guidelines of all venues involved with your service
- ✓ quarantining if you have been sick, been exposed to COVID-19, or have travelled from out of state
